SPECIAL ORDER NO. 29-B

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 1 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 1 having, in compliance therewith, established minimum prices for said District on March 11, 1936, and submitted said prices to the Commission on March 12, 1936, and the Commission having considered said prices and the data upon which they were computed, and being fully advised in the premises:

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted: (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07, such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals; (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

1. The said minimum prices established on March 11, 1936, and submitted to the Commission on March 12, 1936, by said District Board for District No. 1, as set out in "Schedule of Minimum Prices for District No. 1", attached hereto and made a part hereof, be and they are hereby approved, such approval to be effective as of this date for purposes of coordination only.

2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices"

hereto attached, to the District Board for each District in Minimum Price Area No. 1.

3. Said District Board for District No. 1 and all other District Boards concerned shall forthwith proceed with the completion of coordination in accordance with this Order and all other Orders of the Commission relating to such coordination.

Dated this 8th day of April, 1936.

SPECIAL ORDER NO. 29-C

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 2 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 2 having,

in compliance therewith, established minimum prices for said District on March 9, 1936 and submitted said prices to the Commission on March 12, 1936, and the Commission having considered said prices and the data upon which they were computed, and being fully advised in the premises:

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted: (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07, such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals; (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

1. The said minimum prices established on March 9, 1936 and submitted to the Commission on March 12, 1936, by said District Board for District No. 2, as set out in "Schedule of Minimum Prices for District No. 2", attached hereto and made a part hereof, be and they are hereby approved, such approval to be effective as of this date for purposes of coordination only.

2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices" hereto attached, to the District Board for each District in Minimum Price Area No. 1.

3. Said District Board for District No. 2 and all other District Boards concerned shall forthwith proceed with the completion of coordination in accordance with this Order and all other Orders of the Commission relating to such coordination.

Dated this 8th day of April 1936.

SPECIAL ORDER NO. 29-D

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 3 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28, directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 3 having, in compliance therewith, established minimum prices for said District on March 9, 1936, and submitted said prices to the Commission on March 11, 1936, and the Commission having considered said prices and the data upon which they were computed, and being fully advised in the premises:
